

Has Your Home Wi-Fi Become a Headache?

Home Wi-Fi shouldn't be a pain to use — with rooms that only get weak Wi-Fi signals, periodic internet disconnections, router malfunctions, or security worries. If you're stressing over your Wi-Fi on a regular basis — and having to reboot your router more times than you can count — WesTel has the easy solution for you. It's Managed Wi-Fi.

Managed Wi-Fi Will Turn That Frown Upside Down

Managed Wi-Fi from WesTel is just what you need to keep all the Wi-Fi users in your home smiling. Everybody will have the strong connection they need in any room, on any device, for any online activity.

Imagine how wonderful it will be to simply enjoy using your home Wi-Fi network without having to stress over it. Now quit imagining and sign up for Managed Wi-Fi!

Have Questions About Managed Wi-Fi or Want to Schedule Installation?

Managed Wi-Fi

Makes Life Easier

Reliable technology from a company you can trust

We Managed to Think of Everything with **Managed Wi-Fi**

WesTel understands what you like about home Wi-Fi (and what you don't). That's why our Managed Wi-Fi includes the equipment and services you need to get the home Wi-Fi network you deserve. With Managed Wi-Fi, you'll have a fast and reliable internet connection throughout your home to handle your growing number of devices with ease. Plus, you won't have to worry about Wi-Fi security, since we thought of that as well.

Managed Wi-Fi includes:

- Rental of the ultimate router with up to two Wi-Fi extenders*
- Installation of router and extenders for optimal Wi-Fi coverage
- Connection of up to five of your devices to your network
- Remote support to handle most common Wi-Fi issues
- Responsive onsite support by our technicians when you need it
- Repair or replacement of our Wi-Fi equipment (if required)
- Free CommandIQ® app with Experience IQ™ and ProtectIQ™ enhancements

**Up to two extenders are included for WesTel's residential customers who receive Managed Wi-Fi free with our Unlimited Package, Works Package, or Ultra Internet. Residential customers with Wow Internet, Cruisin' Internet, or our Entertainment Package who pay \$12.95 per month for Managed Wi-Fi will be charged for each extender needed.*

CommandIQ App Provides More Options, More Security, and More Parental Controls

As a Managed Wi-Fi customer, you can download the free CommandIQ app to better manage your network — whether you're at home or on the go.

The CommandIQ app lets you easily do all this from your smartphone or tablet:

- View the people and devices using your network.
- Manage household profiles.
- Set bandwidth priorities (such as more for your computer than your child's gaming console).
- Use basic parental controls.
- Run speed tests.
- Establish a guest network.

Plus, these enhancements are included in the CommandIQ app:

- **ExperienceIQ™** – Advanced parental controls enable you to set limits on screen time, content, and access to specific websites and apps.
- **ProtectIQ™** – Advanced security features keep a lock on your network and alert you of suspicious users, hackers, viruses, or malware.

You May Qualify for FREE Managed Wi-Fi

- Managed Wi-Fi is free to WesTel's residential customers with Ultra Internet. Just let us know you'd like it.
- Managed Wi-Fi is available for \$12.95 per month with Wow Internet, Cruisin' Internet, or our Entertainment Package. If your home requires any extenders to achieve the desired Wi-Fi coverage, each extender is \$5.95 per month.
- If you have our Unlimited Package or Works Package, Managed Wi-Fi was automatically installed for you.
